RULES TRIGGERED

Rule ID	Condition Met	Action Taken
UR-08	B-cell lymphoma (high grade) confirmed in medical records (2020-12-03). Currently in history (yes, less than 12 months prior to application).	Refer to underwriter. Combined with UR-04, recommendation = DECLINE.
UR-05	Fraud risk rating = MODERATE (prior policy match - Record gap 8 months (2020-03-01 to 2020-11-22) - Record flagged covering gap OR apply broad exclusion — moot given DECLINE.	Refer to underwriter. Combined with UR-08, recommendation = DECLINE.
UR-07	Record gap 8 months (2020-03-01 to 2020-11-22) — Record flagged covering gap OR apply broad exclusion — moot given DECLINE.	Refer to underwriter. Combined with UR-08, recommendation = DECLINE.
UR-02	B-cell lymphoma confirmed pre-existing (PE-01 — 2020-12-03) — B-cell lymphoma — superseded by DECLINE recommendation.	Refer to underwriter. Combined with UR-08, recommendation = DECLINE.

DECLINE RATIONALE

This application is declined on two independent grounds. First, a prior policy has been identified in the LifeGroup database matching the same pet (pgvector cosine similarity 0.962 across photo embeddings) under a different owner name — a MODERATE fraud signal per UR-05, which routes the case to DECLINE when combined with a second critical trigger. Second, the applicant's pet has a documented history of high-grade B-cell lymphoma (confirmed December 2020, remission at 18 months). Per rule UR-08, cancer history mandates chief underwriter review; in combination with the fraud signal, the automated recommendation is DECLINE. The applicant is entitled to request a human review of this automated decision under applicable insurance regulations.

ADVERSE ACTION NOTICE REQUIRED — Application declined. Applicant must be provided with a written adverse action notice citing the specific reasons for decline within 30 days. Applicant has the right to request human review under GDPR Article 22.

Compliance: COMPLIANT — ADVERSE ACTION REQUIRED — Decline decision is compliant. Adverse action notice mandatory. Fraud escalation to investigation team required per UR-05 procedure.
